MINES AND

Ferdinand Deckert Wins Big Suit

Supreme Court Reverses Lower Court Decision in Favor of Gottfried Kreuger of Montana.

Ferdinand Deckert, a mining man of this city, who has a large circle of friends here, received a telegram from Montana yesterday which contained good news re garding the suit which was brought against him by Gottfried Kreuger for a title to a half interest in a group of properties owned by Mr. Deckert in Lewis and Clark county, Montana, and which are esteemed rich in ore. The telegram stated that the Supreme

the mining exchange opened strong yesterlay. The active stocks, with the exception of May Day, scored advances, and were in demand.

The decline of May Day, due, it is said, to the fact that bear interests have secured control of its market, was decidedly marked. Selling down to 16 cents in the morning, its decline was not stopped by the afternoon call, and it sold on the open board at 14½ cents. The property is said to be looking as well as ever, and the siump is believed to be due to the bears securing the bulge. New York was perhaps the strongest stock in the list, and it is believed that the showing in the property fully warrants a higher price. On the open board vesterday it sold as high as \$\frac{1}{2}\$ cents, and was in demand. court of the State had reversed the decision of the lower court, which found in favor of Kreuger. By this decision Mr Deckert again becomes owner of the property, and it is not likely that the suit will be further contested, as Mr. Kreuger has shown indications of a desire to make

The case, which was begun about a year ago, was somewhat sensational in character. According to Mr. Deckert's story, which the recent decision seems to hold correct, he had acquired a valuable group of claims in the county reterred to. With a view to securing their speedy development, he contracted with former Senator Kreuger of Montana, whereby the latter, in exchange for aiding in the development of the company, would receive one share over half an interest in a company which was to be formed with a capitalization of 106 shares with a par value of \$2.60 a share, and Mr. Deckert was given an option to buy the Kreuger interest within ninety days after the formation of the company for \$17,500. Instead of organizing the company referred to Mr. Kreuger organized one with 1000 shares of stock and awarded to himself twenty shares more than a half interest. Mr. Deckert thereon refused to sign the title deeds to this half interest, and Kreuger brought suit to force him to do so. The latter won the suit in the lower court, but the Supreme court reverses the occision.

It is now understood that Mr. Kreuger The case, which was begun about a

nectsion.

It is now understood that Mr. Krenger will come to Mr. Deckert's terms and that he has agreed to erect a smelter on the property and to sink the shaft to a depth of 600 feet.

Galena G. Central Goldfield B There is on the property at this time a shaft 200 feet deep, and the drifts run from it have disclosed large bodies of high-grade ore. Goldfield B Horn Silver Liggt Jim Rutter Joe Bowers Little Bell Little Chief

NEWS OF PIOCHE.

Salt Lake and Eastern Capitalists Largely Interested There.

Superintendent C. Rives of the Ploche-Nevada Mining company will soon depart for Salt Lake and there will be a new man here to take charge of the mine.

here to take charge of the mine.

On Tuesday Superintendent Hackett, at Deerlodge, settled up the entire indebtedness of the Newport-Nevada company and preparations are being made to resume in the near future.

William Harrison received word during the week from Simon Bamberger of Salt Lake to at once make preparations to start in timbering the old Phoenix shaft which the Floche West company secured from the Ploche Comsolidated company. Several parties had contemplated putting off delng assessment work on minling claims with a view of relocating the same but learning that other parties were enthe lockout for such action, during the week a wagon load of men and supplies were shipped out to Stampede and work commenced at once. This is risky business. If a claim is worth holding it is worth doing the annual work upon the same.

Mr. McFarland, who drives the stage be-

worth doing the annual work upon the same.

Mr McFarland, who drives the stage between Pioche and Sunnyside and others, brings news to the effect that there is considerable excitement at Silver King, owing to a prospector inding rich gold float in that vicinity and that quite a number of men are in there prospecting. Several new ledges are reported as being discovered. The well in the district has gone dry and the men have to pack their water from the old Balley station, some cight miles distant, on burros.

There had been some hopes of the trouble in regard to the Snowflake claim at Eagle Valley district being settled, but we learn that when Johnson was seen he asked such an outrageous price for any title that he might have in the property that Mr. Foster of Denver and Griffin of Boston at once dropped the idea of doing anything with the property. These generatemen were willing to purchase the property of the Horseshoe and Mountain View companies and start working the same—Lincoin County Record.

PIOCHE MINES TO BE SOLD.

New York Syndicate After Property Owned by Salt Lakers.

On good authority it is reported that another option is about to be given to a New York syndicate on all the property of the Ploche Consolidated Mining and Reduction company. This includes the mines in Ploche and Jackratbilt districts, says the Lincoln County Record.

The price to be paid is stated to be in the neighborhood of half a million dollars, extending over a period of several years.

Several options on this process. New York syndicate on all the property

lars, extending over a period of several years.

Several options on this property have been given in past years, and nothing pull down. In the present instance, however, a cash payment is to be made when the option is executed, and this will go a long way toward showing the good faith of the purchasers.

A stockholders' meeting of the company has been called for January 4, for the election of officers and to pass upon the proposed sale. This meeting will take place in Sait Lake, and before the first week of the new year expires we ought to know the result.

We have not been able to learn who constitute the syndicate of purchasers at New York, but with a first cash payment made on this proposition, and the probable building of the railroad branch from Callente here during 12%, with the other mining enterprises which are sure, with such work to be undertaiten, Ploche and vicinity will show more life and activity by the end of the coming year than it has known for years past.

REGARDING DALY WEST.

Optimistic Advices Respecting the Great Property.

Considerable inquiry has been made of late regarding the stock of the Daly West Mining company. It is the opinion West Mining company. It is the opinion of some Salt Lake City people 'amiliar with the situation that the official announcement of a reduction in the rate of dividends from \$1.50 per share per annum to St will mean renewed liquidation. However, we believe that the buyers of the stock below \$15 per share understood fully that it was not in the best interests of the company to continue paying such large dividends.

We do not anticipate that much stock will come on the market as a result of a reduction in the rate of dividends, if, as some Salt Lake interests have been quoted as saying the property is in a position to continue indefinitely dividends at the rate of \$5 per share per ninum, and we exept to see somewhat higher prices upon the resumption of any upward movement in the general market.

KANSAS CITY, Dec. 27.—Rev. Father
T. F. Lillis of Kansas City at the cathedral here today was consecrated bishop of the Roman Catholic diocese of Leaven-worth Kan Rev J. J. Glennon, archbishop of St. Louis, acted as consecrator, and Rev. S. G. Messmer, archbishop of Milwaukee, preached the sermon.

Westinghouse Secures Contract for Electrical Equipment-New Buildings to Be Finished by May.

The United States Mining company has closed a contract with the Westinghouse Manufacturing company for the electrical equipment of the smelter now In process of construction at its Mam meth mines in Shasta county, California

In process of construction at its Mammeth mines in Shasta county, California.

L. M. Cargo, local agent of the Westinghouse concern, secured the contract for his company, and the equipment will be installed according to the plains of Engineer G. K. Fischer of the United States company.

The contract represents a large sum of meney, calling, as it does, for the delivery at the plant in April of electric meters aggregating 5000 horse-power: three electric locomotives and other incidental apparatus.

In addition to the contract for the electrical equipment, the Minneapolis Steel company has been awarded the contract for all the buildings as designed by Mr. Fischer and his aides. These buildings the power-house building, the dust chambers and miscellaneous structural from. These buildings are to be erected under the terms of the contract by the last of April, and the installation of the machinery will begin the first of May.

The foundations of the buildings are now in course of construction, and it is expected will be ready in time, although the work has been somewhat retarded by the rain, which, in the country referred to, fells incessantly during the winter mentis.

Mining Notes.

The Utah mine of Fish Springs expects to sarket a car of ore this week. Henry M. Crowther, general manager bontinental-Alta, visited the property

Capt. A. O. Tibbetts is expected to return rom Goldfield, Nev., about the end of the Ore arrived at the sampling mill from the Miller Mountain, Gasis and May Day mines today

No quotations on the metals were received from the East this morning on account of viro fallures.

Receipts at the Taylor & Brunton sample consisted of three Binghams, four Tonopa and three Thuics."

The second carload of rope material for the Continental Alia trainway is expected to at rive in a few days.

The majority of the mines which close down for Christmas will not open until Wednesday morning.

Wednesday merning.

An assessment of a cont a share has been levied on the stock of the Revenue Mining company, delinquent lantuary 22.

The annual meeting of the stockholders of the Glant Copper Queen Mining company is scheduled for today at 10 o'clock.

The Ploneer sampler received two cars from Nevada, one car from American Fork, two cars from Tintic and one from Oasis. Superintendent E. J. Raddatz of the Honerine mine at Stockton is confined to his home with a threatened attack of pieumonia.

J. W. Cairnes and David Kennedy, who have

J. W. Cairnes and David Kennedy, who have a lease on the Valentine group, will return to camp Wednesday, after spending the holl-lays in the city.

An important sirike was made last week in the Lookout mine at Fish Lake Nev. This property is being worked by M. L. Effinger, formerly of this city.

The Charm mine of the Drum district re-ported at the smeller Tuesday with a shin-ment of twenty tons, showing values of \$22.50 gold and 1.2 ounces aliver.

J. T. Bucken, the well-known mining en-gineer, left last night for Vancouver. B. C. on business. Mrs. Bucken accompanied him and will visit relatives there. S. L. Butler, president of the Carrizal Gold Mining company, operating on the west coast of Mexico, expects to leave soon on an in-spection trip to that property, which is being equipped with modern milling facilities. STOCK THAT IS PRICELESS.

Mexican Mines Have Shares Earning 700 Per Cent.

Shares that earn 700 per cent for years to come may well expect to be quoted at many times their face value, as is almany times their face value, as is already noticeable in the local market, says the Mexican Heraid. The Naica mine (Chihushua), capital \$50,000, in 100 shares at \$200 each, has already paid thirty-three elvidends. Its shares are quoted at \$11,000 offered, \$23,000 asked. But no shares are known to change hands; they are good enough for owners to keep. Another case is the Penoles, where 100 shares are unoted at \$2000. But perhaps the most valuable stock is that of Constancia, in Coohella, which is capitalized at the small figure of \$10,000 in 100 shares par value \$100. The enermous price of \$10,000 per share is offered, but no sellers.

PLAYED WILLIAM TELL.

Missed the Target and Killed the Boy Who Held It.

CHICAGO, Dec. 27.-While Elmer hunt, 19 years old, balanced a bottle on his head, William Dougherty, who had been boasting of his prowess as a marksman, it is alleged, attempted to emulate William Tell by shooting the

At the second shot Hunt fell to the floor with a builet between his eyes, and died almost instantly. Dougherty escaped and the police are searching for him.

Viceroy Receives the Prince.

CALCUTTA Dec. 27.—Lord Curzon, Viceroy of India, received Prince Inayat Ullah, son of the Ameer of Afghanistan, with great ceremony today in the throne-room at the Government house. Both the Viceroy and the Prince were attended by brilliant staffs. The scene was most effective. The Prince was evidently delighted with his reception.
